It has period signalling, locomotives and rolling stock, and is the only place in the world where full size steam engines can be seen passing each other.

### Beacon Hill, LE12 8SP

It is within walking distance (around 7km) of Loughborough University, but a round trip will take approx. 3-4 hours. If you enjoy hiking but don't know how to get there, then please speak to the organisers.

### Bradgate Park, Newtown Linford, LE6 0HE

Originally a deer park around 800 years ago, it provides 830 acres of publicly accessible countryside. The Park offers a wild and rugged landscape with dramatic rocky outcrops and gnarled old oak trees, many of which are well over 500 years old. The landscape offers some of the finest views, and is rich in change throughout the seasons, with several herds of deer still wandering around the park. It's a short drive out from Loughborough, but well worth the trip.
